INVESTMENT HIGHLIGHTS

Stable Cash Flow from Long Term Ground Lease

The property is backed by a long-term ground lease through April 30, 2052, with Daisy Global Trading Co.

Easy-To-Manage NNN Investment

This NNN opportunity requires minimal oversight, as the ground lessee is responsible for most property expenses, including property taxes, insurance, and maintenance.

Property Improvements

The site is improved with (i) a 10,688-square-foot supermarket building with warehouse, (ii) a 3,500-square-foot retail building, and (iii) a 1,924-square-foot apartment building.

Signalized Corner Lot with Multiple Frontages & Access Points

This 24,760-square-foot corner site features street frontages along N. King, Kaili, and Hani Streets and multiple ingress/egress points from N. King, Kaili, and Hani Streets, facilitating convenient access and visibility.

Transit-Oriented Development (TOD) Zone

Situated within the Kalihi Transit-Oriented Development plan area, the property benefits from initiatives aimed at enhancing urban living through improved public transportation, increased walkability, and mixed-use developments.

Convenient Access Near Customer Base

The site offers easy access to the H-1 Freeway, ensuring seamless connectivity across Honolulu. Additionally, its proximity to established residential neighborhoods enhances customer traffic and workforce accessibility.

AREA OVERVIEW

Kalihi, a neighborhood in Honolulu, Hawaii, is a significant hub for commercial and industrial activities, including retail spaces, office buildings, and multifamily properties. Its strategic location near Honolulu Harbor and the Daniel K. Inouye International Airport makes it a prime area for businesses involved in logistics, warehousing, and distribution. Positioned along the Likelike Highway (Route 63), it is bordered by Liliha, Chinatown, and Downtown Honolulu to the east, and Mapunapuna, Moanalua, and Salt Lake to the west.

The commercial real estate landscape in Honolulu is experiencing shifts, particularly in areas like Kaka'ako, where redevelopment is transforming industrial zones into higher-density retail and residential spaces. While specific data for Kalihi is limited, similar trends could influence its commercial real estate market, potentially leading to increased property values and a more competitive environment.
